Accessibility

The venues are barrier-free on Thursday and Friday with the exception of Cassiopeia Upstairs. Please note that the RAW site is an old, heritage listed and still un-renovated railway site with cobblestones and not a flat, tarmac surface. On Saturday, helping hands will be available to ensure accessibility at Club Renate, which is located on several floors of an old residential building.

Cloakroom

The conference will take place in club venues, where experience has shown that the room temperatures are rather cool when there is no dancing. It is best to leave your jackets and jumpers on, suitcases and similar items can be left at the info desk till end of the conference.

Wi-Fi : There will be no general public Wi-Fi at the conference venues.

Lunch

A certain number of lunch vouchers for the catering in the club *Weisser Hase* are available at the registration desk at cost price. First serve - first come applies here. There are a large number of restaurants, cafes, snack stands etc. in the immediate vicinity of the RAW site.
